ACTIONLAYER WORKSPACE

Good morning, Rashid

Liquid Glass & Strategic Execution

Welcome to ActionLayer

Turn any competition poster, rulebook, or PDF into an intelligent agent that manages your requirements, roadmap, and evidence.

Create Your First Agent +

Home

Agents

Capture

Activity

Profile

localhost

AUTONOMOUS AGENTS

Your Agents (0)

Dedicated agents that manage requirements, resolve dependencies, and track your readiness.

**Create New Agent**

Capture poster, upload PDF rulebook, or paste text

No agents yet. Tap 'Create New Agent' above to get started.

How ActionLayer Works

01 Capture

Upload an image poster, PDF, or text.

02 Extract

AI parses requirements, deadlines, and facts.

03 Review

Confirm facts and review requirements.

Home

Agents

Capture

SOURCE INTAKE & COMPILER

What should become an agent?

Upload a competition poster, PDF rulebook, or paste text. ActionLayer AI will extract requirements, plan tasks, and generate your agent's roadmap.

✦ Compiling ActionLayer Agent

Securing source

- ☒ **Securing source**
- ☐ Reading content
- ☐ Identifying competition details
- ☐ Grounding claims
- ☐ Building draft plan
- ☐ Preparing human review

Note: Complex documents may take 15-30 seconds for ActionLayer AI to fully extract the DAG and claims.
